

Product Disclosure Statement

I Stole A Manolo (NZ) Syndicate

Campaign: i-stole-a-manolo

Version: 1.0.0

Effective Date: 2026-09-01

Key Information Summary

What is this?

This Product Disclosure Statement outlines a leasehold interest in I Stole A Manolo (NZ), a New Zealand thoroughbred. I Stole A Manolo (NZ) Syndicate makes fractional participation available to Members through its digital-syndication model. Full authority: the Commercial Model and Asset Specifics sections below and the Syndicate Agreement.

Who is this for?

Individuals seeking exposure to racehorse ownership in a structured, managed format — no prior ownership experience required.

How does it work?

You lease a share of the syndicated leasehold interest in I Stole A Manolo (NZ). Your payments cover the costs of the lease for the term. You receive 75% Investor Pool of any revenue generated from racing, proportional to your interest.

Structure

- **Leasehold interest in:** I Stole A Manolo (NZ) (Manolo)
- **Syndicated leasehold stake:** 5% of the horse's total ownership
- **Minimum investment:** 1.0% (increments of 0.5%)
- **Term:** 22 months (2026-09-01 → 2028-06-30)
- **Fully managed by:** Evolution Stables (NZTR Authorised Syndicator)

Returns

Investors receive a fixed share of gross stakes won — 75% Investor Pool of total stakes, distributed quarterly. There are no guarantees, and you may not recover your original investment.

Costs

- **Initial payment:** \$380.00 per 1% stake (3 months security deposit reserve + 2 months prepaid keep).
- **Monthly keep:** \$76.00 per month per 1% stake thereafter, maintaining a 5-month float buffer.

Race Schedule Expectation

Manolo is in training. Members receive regular stable updates; race entries follow as fitness builds, with trial and target plans confirmed by the yard.

Risks

The horse may underperform, suffer injury, or be retired early. Early termination may result in a pro-rata refund. Limited liquidity — resale may not be immediate or available. You could lose the full amount of your investment. (See Section 12.)

How to Invest

Applications are made directly through Evolution Stables. Identity verification is required under AML/CFT laws. (See Section 17 — Investment Details.)

Manager

Evolution Stables is an NZTR-authorised syndicator specialising in digital syndication of leasehold interests in New Zealand thoroughbreds. (See About Evolution Stables below.)

About Evolution Stables

Evolution Stables is a New Zealand-based, NZTR-authorised syndicator offering structured, digitally-syndicated ownership of leasehold interests in New Zealand thoroughbreds.

We partner with leading owners and trainers to lease premium bloodstock, then make those opportunities available in fractional, fixed-term interests. This lowers the cost of entry and simplifies ownership, giving more people the chance to experience the sport from the inside.

Our approach blends the tradition, passion, and community of racing with modern technology and transparent processes — helping to build the next generation of owners.

§1. Title & Structure

This Product Disclosure Statement relates to the **I Stole A Manolo (NZ) Syndicate**, a digitally-syndicated thoroughbred ownership campaign managed by **Evolution Stables**, a registered Syndicate Manager under the New Zealand Thoroughbred Racing (NZTR) Rules of Racing and Syndication Code of Practice.

Participation is offered in the form of fractional leasehold stakes. Each stake is a percentage interest in the syndicated leasehold of the thoroughbred described in §2, from a minimum investment of 1.0%, with increments of 0.5% thereafter.

§2. Asset Specifics

§2.1 About Horse & Trainer

I Stole A Manolo is a New Zealand-bred filly by the Group 1 winning miler Satono Aladdin, trained from Matamata by Lance O'Sullivan and Andrew Scott. Coming from

a deep New Zealand maternal line with a pedigree designed for speed and class, she is an exciting addition to the Wexford Stables roster.

A bay filly that possesses real presence and a strong, correct moving action. Born on 30 Aug 2023, she is a daughter of the sensational sire Satono Aladdin, who has taken the New Zealand breeding scene by storm with his first crops.

She is out of the Jimmy Choux mare Canuhandleajandal, a family noted for its toughness and performance. Currently in the early stages of her racing education at the world-class Matamata facilities, she is being carefully prepared to follow in the footsteps of Wexford's many Group 1 champions.

Wexford Stables is a name synonymous with excellence in New Zealand racing history. Founded by Hall of Fame trainer Dave O'Sullivan, the legacy continues today under the leadership of Lance O'Sullivan ONZM and Andrew Scott.

Lance O'Sullivan is a true icon of the sport. Before transitioning to training, he was a 12-time Champion Jockey in New Zealand, recording 2,479 career wins, including a world-record victory in the 1989 Japan Cup aboard Horlicks.

Since taking the reins at Wexford, Lance has applied that same elite horsemanship to training, producing over 600 winners and multiple Group 1 champions, including:

- Waitak (Gr.1 Railway Stakes winner)
- Molly Bloom (NZ 1000 Guineas winner)
- Rocket Spade (NZ Derby winner)

§2.2 Key Details

Attribute	Detail
Legal Name	I Stole A Manolo (NZ)
Barn Name	Manolo
Foaled	30 Aug 2023 (age 3)
Gender	Filly
Breeder	Goldeye Trust
Sire	Satono Aladdin (JPN)
Dam	Canuhandleajandal (NZ)
Microchip	985125000139219
Trainer	Lance O'Sullivan & Andrew Scott (Matamata, NZ)

§2.3 Racing Outlook & Pedigree

Standing at Rich Hill Stud in New Zealand, Satono Aladdin has taken the NZ breeding scene by storm with his first crops. He has sired **I Stole A Manolo (NZ) 2023**, a bay filly currently in early racing education at Wexford Stables.

The introduction of Deep Impact lines via Satono Aladdin is highly prized in NZ. Japanese bloodlines are sought after for superior soundness and agility. He adds international class and a miler's profile that complements traditional NZ staying lines.

§2.4 Racing Expectation

Manolo is in training. Members receive regular stable updates; race entries follow as fitness builds, with trial and target plans confirmed by the yard.

§3. Commercial Model

This syndicate operates on a fixed rate of **\$76.00 per month per 1% stake**.

§4. Deposit & Billing

The digitally syndicated campaign operates on a **five-month initial investment** upon participation, with recurring monthly payments due on the 1st of every month thereafter.

The five-month initial investment follows a 3+2 structure outlined below:

- 3 months security deposit reserve; and
- 2 months keep (comprising the initial installment and 1 month in advance).

Upon formal termination or maturity of the syndicate lease, all unused prepaid keep and security deposit reserve funds are **refunded pro-rata** to the investor's verified payment method within 14 business days.

§5. Investor Return

Investors receive a distribution calculated strictly from **official New Zealand Thoroughbred Racing (NZTR) gross stakes** won during their eligible participation period:

- **Stakes Calculation:** Based on official NZTR stakes distributions published via loveracing.nz.
 - **Stakes Allocation:** 75% Investor Pool / 25% Owner Retention of total gross stakes won is allocated to the Investor Pool (distributed pro-rata relative to stake held).
 - **Distribution Schedule:** Quarterly (2-month paid-up qualification prior to race date).
 - **Qualification Period:** Investors must have maintained fully paid-up status for two (2) full months prior to a race date to qualify for prize money distributions from that race.
-

§6. Exit & Termination

Rules for exit and termination are designed around three core pillars: creating accessible investment opportunities, maintaining commercial viability, and prioritizing the long-term care of the horse.

Lessor 14-Day Break: This syndicate operates under the Standard 14-Day Notice mechanism stipulated by the horse owner, matching the underlying Head Lease agreement. The lease may be terminated upon 14 calendar days' written notice when the underlying head lease concludes or the horse is retired. This process is triggered exclusively by the owner, not Evolution Stables.

Investor Notice & Wind-Down Period: An investor may give notice of exit prior to their next monthly installment date. Upon receiving notice, recurring monthly billing ceases, and the investor's 3+2 deposit structure serves as the active wind-down period until their participation concludes.

Default & Forfeiture: An investor enters default if a scheduled monthly payment is missed. Evolution Stables will notify the investor during the default period. If the outstanding balance is not rectified prior to the next billing cycle, the investment is deemed in default. The investor forfeits all future rights to prize money distributions and their deposit, which is subsequently reallocated to the horse owner to secure the ongoing care and maintenance of the horse. Evolution Stables receives no material financial benefit from an investor default.

§7. Taxes

Investors are responsible for their own tax liabilities arising from any distributions or returns generated by their participation in this Syndicate. Evolution Stables does not provide tax advice. Participants should consult their own independent tax advisors regarding the implications of holding an interest and receiving racehorse distributions.

§8. Insurance

Evolution Stables has not secured mortality insurance for this leasehold stake. Because this is a fixed-term leasehold interest rather than an equity ownership stake, capital mortality insurance is not applicable. In the event of the horse's death or permanent retirement, the lease terminates automatically, and all unspent deposit funds are refunded pro-rata as outlined in Section 6.

§9. Valuation

No independent valuation of the horse's capital value has been undertaken for this offering. The pricing of the interests is based entirely on the wholesale operational cost of leasing the horse over the term, rather than the intrinsic capital value of the bloodstock.

§10. Veterinary Report

I Stole A Manolo (NZ) is an actively training thoroughbred. A general veterinary inspection is conducted prior to the commencement of the lease to ensure the horse is fit for racing purposes. However, investors acknowledge that racehorses are prone to injury and illness, and past fitness does not guarantee future soundness.

§11. Material Interests

Evolution Stables Ltd receives a 5.0% margin incorporated into the listed rate to cover the structuring, management, and regulatory oversight of the syndicate. Platform Fees of 3.0% cover payment processing and platform services. There are no other hidden fees or material conflicts of interest.

§12. Risk Disclosure

Participation in racehorse syndication is highly speculative and carries significant risks.

- **Performance Risk:** The horse may not perform well, may not win prize money, and may not generate any revenue.
 - **Health Risk:** The horse may suffer injury, illness, or death, preventing it from racing.
 - **Liquidity Risk:** Your interest is a fixed-term leasehold. There is no guarantee of an active secondary market or that you will be able to sell your interest before the term ends.
 - **Capital Loss:** You may lose the entirety of your initial investment.
-

§13. Responsible Investment

Evolution Stables holds itself and its partners to the highest standards of care. Animal welfare remains central to all decisions made during the lease. All training, spelling, and veterinary decisions are made by licensed professionals. All post-racing arrangements are the responsibility of the horse's connections and are expected to comply with NZTR's welfare guidelines.

§14. Records & Financial Reporting

Evolution Stables will maintain a register of all Members. Financial updates, including prize money distributions and race reports, will be provided regularly. A final financial summary will be issued at the conclusion of the lease term.

§15. Complaints

Any complaints regarding the management of the Syndicate should be directed in the first instance to Evolution Stables. If the matter cannot be resolved, it may be escalated to New Zealand Thoroughbred Racing (NZTR) in accordance with the Rules of Racing.

§16. Transfer of Interest

Interests may only be transferred subject to the written consent of the Syndicate Manager and NZTR compliance requirements. Evolution Stables does not guarantee a secondary market.

§17. Investment Details

I hereby apply for the following interest in the I Stole A Manolo (NZ) Syndicate:

- **Stake Percentage:** [not filled in yet]%
 - **Initial Payment:** \$380.00 per 1% stake
 - **Monthly Commitment:** \$76.00 per month per 1% stake
-

§18. Investor Declaration

By signing this Application Form, on [not filled in yet] I acknowledge and agree that:

1. I have received, read, and understood the Product Disclosure Statement (PDS) and the Syndicate Agreement for the I Stole A Manolo (NZ) Syndicate.
2. I agree to be bound by the terms of the Syndicate Agreement, the PDS, and the Rules of Racing administered by NZTR.
3. I understand that my participation is strictly as a leaseholder and confers no ownership rights in the horse.
4. I understand the risks set out in the PDS, including that I may not recover my original investment.
5. I consent to my details being provided to NZTR and Evolution Stables for compliance with AML/CFT, registration, and regulatory purposes.

Name: [not filled in yet]

Signed: [not filled in yet]

Date: [not filled in yet]

§19. Promoter Declaration

I, Alex Baddeley, as the promoter of this syndicate, declare that the information provided in this Product Disclosure Statement is, to the best of my knowledge, true and correct, and that I am not aware of any information that would make this statement misleading in any material respect.

Signed: Alex Baddeley

Director, Evolution Stables Ltd
